Student growth is a measure of how much students are learning each year. Each student receives a Student Growth Percentile (SGP) for English Language Arts/Literacy (ELA) in grades 4 through 8 and for Mathematics in grades 4 through 7 that explains their progress compared to students who had the same test scores in previous years.

A student’s SGP falls between 1 and 99 and can be grouped into three levels: **Low Growth: Less than 35** **Typical Growth: Between 35 and 65** **High Growth: Greater than 65**

If the student growth percentiles for all students in the school are ordered from smallest to largest, the median student growth percentile (mSGP) for the school is the percentile in the middle of that list. Watch a short [video about Student Growth Percentiles](#) that explains how they are calculated for students and how median Student Growth Percentiles (mSGP) are calculated for groups of students.

Student Growth

This table shows the median Student Growth Percentile (mSGP) for both English Language Arts/Literacy (ELA) and Mathematics both overall and for each student group with comparisons to the district and the state. This table also shows whether each mSGP Met Standard (40-59.5) as required by ESSA accountability.

English Language Arts/Literacy Assessment - Participation and Performance

This table shows information about the English Language Arts/Literacy section of the Partnership for Assessment of Readiness for College and Careers (PARCC) assessment both overall and by student group. The PARCC assessment has five performance levels, and students scoring a Level 4 or 5 (Met or Exceeded Expectations) have demonstrated readiness for the next grade level and are on track for college and careers. This table shows the number of valid test scores, the percentage of students that took the test, and the percentage of testers that met or exceeded expectations in the school, the district, and across the state. The last three columns of the table show the proficiency rate used for federal accountability, the annual target, and whether the target was met, as required by the Every Student Succeeds Act (ESSA) accountability. Student group rows where the annual target fields are grayed out are not required to meet annual targets under ESSA accountability. For more details on New Jersey's accountability system, see these [accountability resources](#).

English Language Progress to Proficiency

This table shows the percentage of English Learners who demonstrated the expected amount of growth on the ACCESS for ELLs 2.0 Assessment for English Language proficiency. Expected growth is based on the student's initial level of English Language Proficiency during the 2016-17 school year and the number of years the student has been enrolled in the district. This table also shows the school's 2017-18 ESSA accountability target and whether the target was met.

The New Jersey Student Learning Assessment for Science (NJSLA-S) measures student proficiency with the New Jersey Student Learning Standards for Science. All students in grade 5, grade 8, and grade 11 were administered the NJSLA-Science field test in 2017-18.

NJASK Science Assessment Information

New Jersey transitioned from the NJASK to NJSLA-S in 2017-18 to align to new science standards. Results of field tests in 2017-18 will not be reported, but results of NJSLA-S will be added to the performance reports in 2018-19.

Student absences provide important information about a school's culture and climate. Research shows that absences impact a student's ability to succeed in school. The New Jersey Department of Education used input from New Jersey communities to select chronic absenteeism as its measure of school quality and student success for the ESSA accountability plan. **Chronic absenteeism** is defined as being absent for 10% or more of the days enrolled during the school year. A student who is not present for any reason, whether excused, unexcused, or for disciplinary action, is considered absent unless permitted by state statute or regulations.

Chronic Absenteeism

This table shows the number and percentage of students in grades K-12 both overall and by student group who were chronically absent during the school year. The last two columns show the chronic absenteeism state average for students in the grades offered and whether the rate for each student group was above the state average ("Not Met") or less than or equal to the state average ("Met").

The New Jersey Department of Education migrated to a new reporting system, the Student Safety Data System (SSDS), which includes improved definitions, new reporting fields, and updated guidance for reporting incidents. As such, comparing this year's report to previous years' data can lead to inaccurate conclusions in many reporting categories. As such, the 2017-18 report should be considered a baseline year.

Violence, Vandalism, HIB, and Substance Offenses

This table shows the number of incidents reported by type. A single incident may be counted under multiple incident types. The total unique incidents row provides an unduplicated count of incidents. The last row shows the rate of incidents for every 100 students enrolled.

Harassment, Intimidation, and Bullying (HIB) Investigations

This table shows, by the nature of the incident, the number of alleged and confirmed Harassment, Intimidation, and Bullying (HIB) investigations. The nature of an incident is based on the protected categories listed below, and the nature of a single HIB investigation may include multiple categories. All confirmed incidents must have an identified nature.

Student Disciplinary Removals

The first table shows, by removal type, the number and percentage of students who received disciplinary removals during the school year. Removal types include students receiving one or more in-school suspensions, one or more out-of-school suspensions, one or more suspension of any type, removal to another school or other educational program, expulsion with no further educational services, or arrest. The second table shows the total number of days missed due to out-of-school suspension for all students during the school year.

School Day

This table shows the start and end times and length of school day for a typical student at this school. Instructional time is the amount of time that a typical student was engaged in instructional activities under the supervision of a certified teacher. Full time students attend this school for more than half of the school day and shared-time students attend the school for half of the school day or less.

| Category | School |
|----------------------------------|---------------|
| Typical Start Time | 8:45 AM |

Device Ratios

This table shows the student to device ratio, which is the number of students in tested grades 3-11 per device. Devices are computers such as tablets, iPads, laptops and Chromebooks. The count includes only devices that meet nationally recommended specifications for digital learning in grades 3-11. This information comes from the elective NJTRAx survey, therefore data may not be available for all schools. Additionally, schools that have adopted a Bring Your Own Device policy may appear to have a very low Student to Device ratio due to this policy decision.

| School Year | Student to Device Ratio |

Per-Pupil Expenditures (District Level)

This table shows the total current expenses for regular and special education students taught within the district's schools. It includes expenditures for instruction, support services, administration, operations and maintenance, extra-curricular activities, and community service. More information about district and charter school spending can be found using districts' [User Friendly Budgets](#), or the NJDOE Finance [District Report Search](#) of the Comprehensive Annual Financial Reports (CAFRs) and Auditor's Management Reports (AMRs). NJDOE will be collecting school-level per-pupil expenditures data for the 2018-19 school year, and that data will be included in future reports.

New Jersey's school accountability system identifies schools that are in need of comprehensive and targeted support as required by the Every Student Succeeds Act (ESSA). For more information about New Jersey's accountability system, how indicator and summative scores were calculated, and how federal accountability status is determined, see these [accountability resources](#).

Comprehensive Status

This table shows whether this school is identified as requiring Comprehensive Support and Improvement during the 2019-20 school year and whether it will be eligible to exit comprehensive status in January 2021 or January 2022. Schools must meet exit criteria in order to exit status. Schools with a summative score in the bottom 5% of Title I schools or with a four-year graduation rate of 67% or less are identified as requiring Comprehensive Support and Improvement.

| Requires Comprehensive Support during the 2019-20 School Year | Eligible to exit status in January 2021 | Eligible to exit status in January 2022 |
|---|---|---|
| No | n/a | n/a |

Targeted Status

This table shows whether one or more student groups in this school has been identified as requiring Targeted Support and Improvement during the 2019-20 school year and whether each student group will be eligible to exit targeted status in January 2021 or January 2022. Schools must meet exit criteria in order to exit status. Student groups with a summative score that would be in the bottom 5% of schools and student groups that miss annual targets for all indicators for two years in a row are identified as requiring Targeted Support and Improvement. Note: Schools identified as requiring comprehensive support may have student groups identified as needing targeted support below, but the date they are eligible to exit status is based on their comprehensive status.

| Student Group | Requires Targeted Support during the 2019-20 School Year | Eligible to exit status in January 2021 | Eligible to exit status in January 2022 |

Accountability Indicator Scores and Summative Rating - 2017-18 School Year

New Jersey has developed a school accountability system as required by the Every Student Succeeds Act (ESSA) to identify schools that are in need of Comprehensive Support and Improvement. This table shows the indicator scores for each indicator included in the accountability system and the weight that each indicator receives when calculating the overall Summative Score. The Summative Rating is the percentile rank of the Summative Score as compared to other schools across the state. Schools with a summative score in the bottom 5% of Title I schools or with a four-year graduation rate of 67% or less are identified as requiring Comprehensive Support and Improvement. For more information about New Jersey’s accountability system and how these indicator scores were calculated, see these [accountability resources](#).

| Accountability Indicator | Score | Weight |
|---|-------|--------|
| English Language Arts Proficiency | 8.71 | 15.0% |
| Mathematics Proficiency | 13.86 | 15.0% |
| English Language Arts Growth | 34.42 | 20.0% |
| Mathematics Growth | 56.56 | 20.0% |
| Progress Towards English Language Proficiency | 36.60 | 20.0% |
| Chronic Absenteeism | 8.45 | 10.0% |
| Summative Score: Sum of all indicator scores multiplied by indicator weights | 29.75 | n/a |
| Summative Rating: Percentile Rank of Summative Score | 18.36 | n/a |
| Requires Comprehensive Support: Summative Rating is less than or equal to 5 th percentile | No | n/a |

Accountability Summary by Student Group - 2017-18 School Year

New Jersey has developed a school accountability system as required by the Every Student Succeeds Act (ESSA) to identify schools that are in need of Targeted Support and Improvement. Any student group where the summative score would be in the bottom 5% of schools is identified for Targeted Support for a Low-Performing Student Group. Any student group that has missed annual targets for all indicators two years in a row is identified for Targeted Support for a Consistently Underperforming Student Group. In the table below, schools in which one or more student groups are identified for Targeted Support will be noted in the Schoolwide row. Annual targets for proficiency and graduation rate were set based on a school or student group's performance in 2015-16. The target for chronic absenteeism is the state average for chronic absenteeism based on students enrolled in the grades served by the given school. For more details on accountability targets, see these [accountability resources](#).

|  <p>Courses, Curriculum, Instruction:</p> | <p>At Franklin Elementary School, we believe in putting students in the center of academics. Therefore, we use the workshop model of instruction for Reading, Writing, and Math. To maximize our academic time, we are integrating Social Studies and Science into the Reading, Writing, and Math Curricula. In addition to our core academic subjects, we also offer music, art, media studies, and expose our students to a variety of foreign languages using Rosetta Stone.</p> |
|  <p>Clubs and Activities:</p> | <p>Going beyond the classroom is very important here at Franklin, so we make an effort to engage our students in extracurricular activities. We offer clubs such as a dance and art. We host academic centered night events, and school dances, science and health fairs, and book swaps</p> |

|  <p>Before and After School Programs:</p> | <p>To make sure our students of working families have a safe after school environment, we have partnered with the Greg Grant 94ft academic/athletic after school program. We also host our own academic reinforcement and enrichment programs on select days of the week focusing on enhancing math and literacy skills.</p> |
|  <p>Staff and Professional Learning:</p> | <p>In order to ensure our students have the best teachers, we make sure our staff are life-long learners. We have developed a professional learning community at Franklin that encourages action research to determine we are using the best educational practices to meet the needs of our students. We engage in bi-monthly staff meetings and have weekly grade level meetings to discuss student progress and educational pedagogy.</p> |

Parent and Community Involvement:

Franklin Elementary School engages parents and community groups through our PTO, our School Leadership Team, and events at the school. Some events include cultural assemblies for Black History Month, and Hispanic Heritage Month, and arts based assemblies hosted by the community group - Young Audiences. The principal also has monthly "chat and chew" events inviting parents in for breakfast, lunch or dinner to discuss the school climate and any concerns parents may have.

|  <p>Climate Surveys:</p> | <p>Franklin School understands the important partnership we have with parents. To that end, we conduct a Climate to survey our parents ensuring input on many of the critical decisions made in the school environment that impacts our students and their families. Parents are asked to complete the school climate surveys at our Back to School night and our parent-teacher conferences. This schedule allows us to track growth throughout the school year from our baseline data from the Back-to-School Night survey results. One of the highlights that came from the survey results is the continuation of our school wide positive behavior program known as S.O.A.R. which rewards positive student behavior and engages parents at monthly assemblies</p> |
|  <p>Facilities:</p> | <p>Although Franklin's three-story structure is one of the oldest physical structures in the district, all efforts are made to maintain the beauty and safety of the building. The floors are waxed on a regular basis including during summer and winter breaks. Necessary repairs and maintenance issues are addressed routinely as well. We boast a full cafeteria, auditorium, art room, media center, computer room and outdoor play areas.</p> |

Other Information:

Knowing that a healthy start is a major key to academic success, Franklin offers a free breakfast to all students. Since we understand the importance of having a fresh start in the morning, we even have a grab-and-go option for any student entering the building after classes have already begun. Along with the required physical education classes for all students, every class has a daily built in recess time in their schedules to engage the students in physical movement and appropriate social interactions among their peers. Additionally, every class utilizes Go Noodle to incorporate "brain breaks" throughout the day to help re energize the mind for the lessons of the day. To ensure our students and educators have technology integrated learning, we have Smart Boards in every classroom and are working to have a one-to-one ratio of technology for our students by increasing our iPad and laptop inventory.
